

## Books Starring Me!

### *Needed for this project:*

- Old picture books that you no longer read
- Photographs of you and your family, friends and pets
- Old magazines
- Scissors
- Glue
- Paper

### *Steps:*

1. Open your book and choose the character you want to be. Also choose characters for anyone else you want to appear in your story.
2. Cut out photos of you and the other people you have chosen for your story.
3. Glue the cut out photos in place of the characters in the book.
4. If you like, cut out images from old magazines and glue them into your book, too.
5. Then, glue a blank piece of paper over the written text of the book.
6. Once it dries, write your own story on the blank paper.

Be as silly and creative as you want! Have fun!
