

The logo for Kids Co. features the word "kids" in a bold, blue, rounded font with a yellow outline. To the right of "kids" is a small yellow circle containing a blue exclamation point. The entire logo is set against a white background with a thin yellow border, which is itself on a light blue background with a pattern of small, faint yellow circles.

kids!

Pine Tree Fruit Kabobs

Cut off the rind, the top and about 1 inch of the bottom of a large pineapple. On 4-5 in. skewers, thread 3-5 pieces. of assorted fresh fruits--melon chunks, grapes, strawberries, etc.--leaving an inch or so of skewer to stick into the pineapple. Insert skewers starting at the bottom, at a slight downward angle, and fill up to the top. Be prepared to cut up the pineapple “trunk” after kids eat all the “branches”!
