- No credit/refunds for missed days including, but not limited to sick days, program closures due to weather or health-related causes, family vacations, etc.

Week 1* (July 1-3; *no camp July 4-5*)

Makers Space

It's time to unleash your inner Picasso! From painting to papier-mâché to creative writing, and everything in-between we will be unlocking the artistic side of the brain through a plethora of different arts, crafts, and hands-on activities. So, bring your imagination and get ready to get crafty!

Week 2 (July 8-12)

Sun, Sea, and Sand

I hope your mermaid tails and fish gills (or maybe just a snorkel and fins) are ready! This week campers will explore from the sand to the sea and beyond. Campers will dive underwater to discover the many varieties of sea life, both real and make-believe, and learn what goes on just below the waves. We plan to spend plenty of time outdoors in the sand, creating, exploring, building, and having fun! As Sebastian the crab said, "We got no troubles, life is the bubbles, under the sea!"

Week 3 (July 15-19)

Storytellers

If there is one thing we love, it's a story. Whether it's reading, listening, or making up our own stories, or even playing games through stories, it's such a powerful way to connect with each other. This week campers can let their imaginations run wild as they create their own characters, settings, and tales. Campers will write, speak, draw, film or even learn to play games through their own stories. Beyond that, we will have opportunities for stories to come to life through costume making, clay figures, mini models and so much more! Come join us for a week of making your amazing stories come to life!

Week 4 (July 22-26)

All Around the World

Come join us for a week of discovery all around the world! Campers will learn about different cultures by trying a variety of foods, listening to an array of music, exploring fashion trends across the globe, and learning about different celebrations and traditions including sharing their own.

Kids Co. Summer 2024

Curiosity + Exploration = Discovery

Most importantly, we will experience a variety of cultures together in a safe and inviting space, where all are welcome and encouraged to learn from each other and share together.

Week 5 (July 29-August 2)

Artful Expressions

We hope you have your creativity hat on this week! Campers will enjoy an immersive week filled with a variety of artistic exploration and expression. We will engage with different types of materials and art forms, such as painting, sculpture, and design – and may even dabble in the culinary arts! We can't wait to have you join us for this week of artful expressions!

Week 6 (August 5-8; *no camp August 9*)

Enchanted Forest

Step into the forest and explore the magic that surrounds you! Get ready for a week filled with imagination, inventiveness, science, and art. Campers will tap into their creativity and grow a beanstalk, write twisted tales, build magical worlds, and so much more. Fairies, elves, and woodland creatures galore - we can't wait for you to join us!

Week 7 (August 12-16)

Game Creators

B-I-N-G-O! Tag – you're it! Board Walk and Park Place. Roll the dice, toss the Frisbee, and get ready to make your own version of your favorite games or come up with something entirely new! Creations can include board games, card games, field games, gym games, dice games and more. Campers will have a variety of materials to design and build their own games, develop their own rules, make the game pieces, and then demonstrate and share their amazing game creations with each other. Get ready to choose your own adventure and challenge your opponent to a game... or two.

Week 8 (August 19-23)

Sports Week

Need we say more? A good old-fashioned sports week where campers will get to play the sports they love, like basketball, kickball, or soccer, or something less familiar like pickleball or badminton. Campers will learn about sports played around the world, and practice throwing, dribbling, ball control, kicking, tossing, aiming and more. From team sports and cooperative games to individual skill development, campers will improve their teamwork, develop their skills, and learn what it means to be a good competitor (if that's your thing). This is a physically active week all about moving our bodies, having fun, developing new skills, and working together as a team!

Week 9* (August 26-28; *no camp August 29-30*)

Snap Shot (Photography week!)

Despite modern cell phone technology making all of us amazing photographers, every good photographer knows it's more than just clicking a button. This week, campers will get to learn about different photographic techniques, including how to frame photos, how lighting impacts a picture, what exposure means, and so much more. Campers will also get to explore stop motion art and animation to make their own mini film at camp!
